Development and manufacture of APIs

About Hiva Pharmed

Developing And Manufacturing Active Pharmaceutical Ingredients

Hiva Pharmed Is a Pharmaceutical Chemical Company Specializing In The Development and Manufacture Of Active Pharmaceutical Ingredients (APIs).

Established In 2020, The Company Has Expanded Its Operations Through Investment In Manufacturing Infrastructure, Process Development, and Adherence To Pharmaceutical Quality Requirements.

Today, Hiva Pharmed Can Manufacture APIs Across Cardiovascular Medicine, Neurology, Psychiatry, and Oncology. Its Infrastructure Accommodates Products With Diverse Characteristics, Including Those That Require Enhanced Safety and Containment.

The Company Operates Two Separate Cleanrooms For General and Hazardous Products. To Date, It Has Obtained Three Good Manufacturing Practice (GMP) Certificates For Its Production Lines.

AVAILABLE PRODUCTS

AVAILABLE PRODUCTS

Classification	APIs	CAS No.	Available Forms	Method of Analysis
Oncology & Hematology	Sorafenib Tosylate	475207-59-1	API Powder	USP
	Abiraterone acetate	154229-19-3	API Powder	USP
	Lenalidomide	191732-72-6	API Powder	In-house
	Bortezomib	179324-69-7	API Powder	In-house
	Sunitinib Malate	341031-54-7	API Powder	In-house
	Palbociclib	571190-30-2	API Powder	In-house
	Nilotinib Hydrochloride Monohydrate	923288-90-8	API Powder	EP
	Exatecan Mesylate	169869-90-3	API Powder	In-house

AVAILABLE PRODUCTS

Classification	APIs	CAS No.	Available Forms	Method of Analysis
Cardiovascular	Apixaban	503612-47-3	API Powder	In-house
Diabetes	Linagliptin	668270-12-0	API Powder	USP-EP
	Empagliflozin	864070-44-0	API Powder	In-house
Immunology	Tofacitinib Citrate	540737-29-9	API Powder	In-house
Neurology	Dalfampridine	504-24-5	API Powder	USP
	Glatiramer Acetate	147245-92-9	API Powder	In-house
	Dimethyl Fumarate	624-49-7	API Powder	USP
Other Therapeutic Areas	Deferasirox	201530-41-8	API Powder	USP
	Zoledronic Acid Monohydrate	165800-06-6	API Powder	USP
